What do you want  
from a speaker?

*isn't it?*

change

"Paul Dabdoub connects with people!  
He is a rising star on the national speaking platform.  
As a business owner and school board member  
for the largest high school district in the nation,  
I have seen Paul move both students and adults to  
transform their lives...I would highly recommend bringing him  
in to speak for your event. He won't disappoint."  
Jim Cartmill// President & CEO Let's Talk Health  
School Board Member Sweetwater Union High School District

"Paul is passionate with an edgy style."

**PAUL DABDOUB**  
SPEAKER/WRITER

You want a defining moment in the  
individual lives of the people you  
are making this for.

You want them to walk out differently  
than they came in.

*<isn't that really the point?>*

CHANGE is the result of God working  
in the heart of a person.

No speaker can guarantee that.

As a speaker, Paul weaves  
thought-provoking questions,  
controversial statements, funny stories,  
authentic struggles, undeniable passion,  
and a fresh grasp of scripture as a  
catalyst for bringing people to a  
heart-to-heart encounter with God.

Life change doesn't happen externally.  
The only true lasting life change  
begins and ends with the heart.
